Re: Your transfer to Scarborough Village Residence

Attention Kenneth Selin, room 403 bed 2 Seaton House.

I am writing to confirm that on Tuesday June 24 you are scheduled to transfer from Seaton House to Scarborough Village Residence.

On this day your bed will be closed at Seaton House and you are being given the opportunity to transfer to this new shelter program. If you do not wish to move to Scarborough Village Residence our staff can help you search for a shelter bed in the program of your choosing. If no bed is available, you may wait for a vacancy at the Shelter Referral Centre.

As you have been informed, the Seaton House is in the process of closing for redevelopment. All residents will be moved into housing or transferred to other shelters during the redevelopment. We have started the process of closing the Long Term program this week with part of our bed capacity moving our new shelter, Scarborough Village Residents.

This Shelter is in a newly renovated building meeting full shelter standards, is fully accessible and has a nursing team. Please feel free to connect with me or your counsellor for more information about services provided.

Thank you,
